

Summary of the Rector's Decree no. 594 of 24, September, 2019

CALL FOR APPLICATIONS FOR ONE ASSOCIATE PROFESSOR OF ECONOMETRICS (LEVEL 2: "PROFESSORE UNIVERSITARIO DI RUOLO DI II FASCIA") RESERVED TO CANDIDATES WHO ARE NOT EMPLOYED BY SANT'ANNA SCHOOL OF ADVANCED STUDIES, PISA

The Sant'Anna School for Advanced Studies, Pisa (Sant'Anna School) announces a call for the recruitment of a **permanent position of Associate Professor (Professore Universitario di Ruolo di II Fascia)** under Italian Law 240/2010, art. 18, par. 1, **reserved to candidates who are or have not been employed by Sant'Anna School of Advanced Studies, Pisa in the Academic Recruitment Field "Econometrics" (13/A5) - Academic Discipline SECS-P/05 "Econometrics" at the Institute of Economics in the framework of the EMbeDS Department of Excellence (Economics and Management in the Era of Data Science).**

Scientific functions: the successful candidate will carry out high profile research, according to international standards, in the development and application of econometric methods for the study of economic and social systems, using micro or macro data.

His/her research will be integral to at least one of the four research themes pursued by the Institute of Economics in the context of the EMbeDS Department of Excellence: (i) 'innovation and the 4th industrial revolution'; (ii) 'industrial dynamics, competitiveness and financial markets'; (iii) 'economies as evolving complex systems'; and (iv) 'social and environmental sustainability'. Moreover, consistent with the scientific mission of EMbeDS, a research agenda based on the analysis of big data or on the integration of complex data extracted from different sources will be especially valued. The successful candidate will therefore demonstrate an ability to work as part of a team, tackling broad and interdisciplinary projects.

Didactic functions: In the terms of teaching responsibilities, the successful candidate will carry out courses at all levels, within the context and requirements defined in the competition sector, and with specific reference to the themes outlined in the scientific functions. Credit will be given for national and international teaching experience-- both at the undergraduate and the graduate level. The successful candidate will be expected to teach in English, as well as Italian.

Candidates can submit no more than 12 publications.
