<b>Examination Procedure</b>	<p><b>Qualifications and Interview</b>  The selection will be based on the assessment of the submitted documentation and an interview. The Examination Committee will award a score out of one hundred, from 1 to 100.</p>
	<p><i>Assessment of qualifications – maximum score possible: 70</i>  The Committee will assess the <i>Curriculum Vitae et Studiorum</i> and any relevant qualification submitted. The candidate's research plan will be assessed in terms of quality and feasibility and relevance to lines of research specified in the "Curricula" section of this information sheet. On completing the assessment, the Committee will express a concise evaluation and award a score out of seventy. Candidates with a score of at least 49/70 will be accepted for interview. The School will inform via email the selected candidates on the day and time of the interview as well as on the score received in the assessment.</p> <p><b>Presence of the candidates is not required through the assessment of qualifications.</b></p> <p><i>Verbal examination–maximum score possible: 30</i>  During the examination with the members of the selection committee the candidates will also be asked to present their CV and the research project in a short power point presentation. An interview will be done to verify the knowledge of English. Candidates obtaining a score below 21/30 in the interview will be excluded from selection. In special cases, pending a decision by the Committee, the interview may be conducted as a video conference (using Cisco WebEx™). In this case, the document of identification provided when registering online must be presented before the start of the examination to confirm the identity of the candidate. It is candidate's responsibility to ensure that required hardware (PC, webcam) and software are available and that there is a reliable internet connection. Minimum prescribed marks for inclusion in the rank list is 70/100.</p> <p>.</p>
