

CALL FOR APPLICATIONS TO ASSIGN 1 RESEARCH FELLOWSHIP

Institute of Economics - Scientific Field –SECS-P/02 – Economic Policy

Research activity: Innovation-fuelled, Sustainable, Inclusive Growth

Position and grant

Scuola Superiore Sant'Anna announces a call to assign one Research Fellowship to perform research activities related to the scientific fields SECS-P/02 – Economic Policy in the Institute of Economics. The gross amount of the fellowship is € 19,367.00 per year. The present fellowship cannot be cumulated with other fellowships and grants except those aimed at financing a period of stay abroad necessary within the research activity. The duration of the research fellowship is one year, renewable for further 12 months in case of positive evaluation of the research activities performed.

Research Activity

“Innovation-fuelled, Sustainable, Inclusive Growth”

In the context of H2020 project ISIGrowth (Innovation-fuelled, Sustainable, Inclusive Growth), the selected candidate will carry out research on the relationship between stock market listing, capital structure, and firm growth, in a comparative perspective across institutional settings and varieties of capitalism. Research is planned to go through the following stages: collection and cleaning of balance sheet data and stock market data, using the main existing databases for banking and finance; estimation of econometric models using software for panel data analysis.

Admission Requirements

Applicants must hold a MSc Degree in Economics and a very good knowledge of both written and spoken English.

Application and attachments
