CALL FOR ONE TECHNOLOGY EXPERT

Research Promotion, Coordination and Evaluation Area

Health Sciences Centre

Sant'Anna School for Advanced Studies – Pisa

Job Position

Sant'Anna School for Advanced Studies announces a public selection based on qualification and competitive exams for one technology expert, following art. 24-bis L. 240/2010; the contract will run for 24 months, with placement in EP category, economic position EP1, in the Research Promotion, Coordination and Evaluation Area – Health Sciences Centre of Sant'Anna School for Advanced Studies. This role will provide both technical and managerial support to the project PROXIMITY CARE: “Prossimità, innovazione tecnologica per la rete di protezione socio-sanitaria delle aree interne nella Provincia di Lucca – Fase 1 e Fase 2” (Proximity, technological innovation for the social and health protection network of internal areas in the district of Lucca – Phase 1 and Phase 2).

Main duties and activities

As part of the School's research activities, a support figure is needed for the *Proximity Care* project, aimed at creating a development model improving the quality of the health, social and social health services of the internal areas of the district of Lucca, starting from a first phase of study where the types and efficiency of services and the potential for improvement in terms of connectivity and technological updating will be verified.

As part of the project, it is also planned to involve the realities of the not-for-profit sector, with the aim of creating a network capable of involving all actors in the territory, to improve the living conditions of areas characterized by depopulation due to lack of services.

The figure being sought will carry out tasks of review, analysis and technical collaboration related to the *Proximity Care* project, as well as ensure coordination between the different research groups and deal with the organization of the results and their dissemination.
