

CALL FOR ONE TECHNOLOGY EXPERT

Institute of Management
Sant'Anna School for Advanced Studies – Pisa

Job Position

Sant'Anna School for Advanced Studies announces a public selection based on qualification and competitive exams for one technology expert, following art. 24-bis L. 240/2010; the contract will run for 24 months, with placement in EP category, economic position EP3, at the Institute of Management of Sant'Anna School for Advanced Studies. This role will provide both technical and managerial support to the projects *PER-MAS*: “Definizione di strategie di intervento per la gestione dell’impatto clinico, Psicopatologico e socio-Economico a seguito di situazioni emergenziali e miglioramento della Resilienza in pazienti con Malattie Autoimmuni Sistemiche” (*Definition of intervention strategies for the management of the clinical, Psychopathological and socio-Economic impact as a result of emergencies and improvement of the Resilience in patients with Systemic Autoimmune Diseases*) and *TABLET – TOSCANA*: “Nuovi modelli organizzativi per la presa in carico e la tele-riabilitazione delle abilità neuropsicomotorie e linguistiche in bambini ed Adolescenti con disturbi congeniti ed acquisiti dello sviluppo” (*New organizational models for the taking in charge and the tele-rehabilitation of neuropsychomotor and linguistic abilities in children and adolescents with congenital and acquired developmental disorders*).

Main duties and activities

The abovementioned projects include several activities aimed at validating organizational and business models of experimental technologies applied to health. The selected person must therefore be able to carry out independently economic evaluation activities, statistical analysis, and validation of both organizational and business models.

In particular, in order to provide both technical and managerial support to the projects, the figure should have economic-statistical analysis skills, theoretical validation skills, economic feasibility skills, and skills in the acceptability of the developing technologies and of the organizational models accompanying its adoption in clinical practice.

Admission Requirements

Applicants must hold:

- Master Degree in Economics or Philosophy;
- At least six years (also if not continuous) of documented job experience in pertinent fields;
- Excellent knowledge of both English and Italian language.
